PROFILE

Marine Outfitting is a Chennai based Company established in the year 2000. The Company's single minded goal is to be a one-stop service shop to the shipping industry. With an experienced workforce and state of the art infrastructure, the company specializes in repairs and refurbishments.

With constant efforts directed towards new and innovative techniques, the company gives its clients maximum time and cost benefits.

Marine Outfitting specializes in services of hull and electricals, underwater works and mechanical and fire fighting systems. The Company with its prompt and efficient service ensures minimum downtime for vessels under repair.

By running an efficient and successful operation, Marine Outfitting has recently expanded by incorporating repair avenues at Visakhapatnam, Haldia and Paradip on Eastern and Mumbai, Goa, Cochin on western coast and Colombo (Srilanka) thus making its services more readily available to the shipping enterprises.

With an unrelenting commitment to excellence and innovation, Marine Outfitting will continue to remain at the forefront in a rapidly changing shipping industry.
